Coyote Run Hospitality Rider

We pride ourselves on being a fairly low-maintenance band. We like to show up, do our job professionally and excellently, make everyone happy and leave. However, we have found that promoters vary widely in their understanding of what a band needs and/or wants. Below, please find a list of our needs and then our wants. The needs are required whereas the wants are “wouldn’t it be nice if...”

Needs:

4 double occupancy rooms in Quality Suites type hotel or better within 15 min of the venue

Secure, free parking at hotel & venue with easy access for loading. If easy access is impossible, then promoter will provide additional hands to assist with the loading of our gear.

Refreshments backstage to include:

- Bottled Water (case)
- Fresh Coffee (with appropriate condiments)
- Fresh fruit tray

A private and secure location for changing and storing of personal gear

Clean restroom facilities

Wants:

We do not require beer or wine backstage, but if promoter would like to provide such, here are our preferences:

- Beer:
 - Assorted micro-brews & Guinness
- Wine:
 - Shiraz or Sauvignon Blanc
- Gatorade
